No problem. The number I have is 545-2607 so I'll call you when I find out something. Thanks.

Probably closer to an hour, as we need to change out of our 'lab clothes' and into something nicer for court. Traffic on 91 hasn't been too bad lately, but you never know when they are going to close a lane for construction or whatever. Thanks.

On call is fine. Lately, we've had a shortage of judges and cases haven't been going to trial. It's my understanding that you'll need about 40 minutes to get to Springfield, is that right?

Shelly-

I'm just confirming that the [REDACTED] case is still scheduled to go tomorrow, Nov. 24th, and was wondering what time you will need me there (the summons says 8:30, but I know court doesn't start until 9, and wasn't sure if you'd prefer to have me on call instead). Thanks.

The lab number is [REDACTED]. If there's anything else you need before 11/24, please let me know.

ADA Sankar-

I am writing to confirm that I received a summons for the [REDACTED] case scheduled for November 24, 2009, and that I am free that day. However, I need the drug lab submission number(s) from the certificate(s) of analysis in order to look up my lab notes/data and prepare for court. Thank you.
